

# Summary Table

In the event of *merapi erupting* how many *people* might *need evacuation*

Volcanos considered	Merapi	
People needing evacuation	120,000	
Distance [km]	Total	Cumulative
3	11,000	11,000
5	12,000	23,000
10	97,000	120,000
Map shows population affected in each of volcano hazard polygons.		
Needs per week	Total	
Rice [kg]	336,000	
Drinking Water [l]	2,100,000	
Clean Water [l]	8,040,000	
Family Kits	24,000	
Toilets	6,000	
Notes		
Total population 237,510,000 in the viewable area		
People need evacuation if they are within the volcanic hazard zones.		

Hazard details
Merapi erupting - sourced from Not specified.
Exposure details
people - sourced from AsiaPop - rescaled.
